Save Microsoft Word file as High Resolution PDF

Step 1

Click the "File" tab from the top ribbon toolbar menu and then click the "Save As" option. A new dialog box appears.

Step 2

Enter a name for the file into the "File Name" box, and then select the "PDF (*.pdf)" option from the "Save as type" section.

Step 3

Select the "Standard (publishing online and printing)" option for high print quality, and then click the "OK" button. Click the "Save" button and then the document is fully saved as a PDF file.

If you are familiar with the term "bleed and crops" use a minimum of 1/8 inch bleed", please add that to your PDF. If not, no problem, just follow the instructions 1 thru 3 above.
